# The Meaning for Science Education of the Children's Primers *San Zi Jing* and *You Xue Qiong Lin*

Zhang Zhijie  
Member of CAHS

**Abstract** Before Western-style schools emerge in China, *San Zi Jing* and *You Xue Qiong Lin* are the main primers for children to learn common sense. *San Zi Jing* is a small encyclopedia of common sense, and *You Xue Qiong Lin* is a lexicon of idioms and allusions. We notice that there is a lot of general knowledge of natural science and technology in these two books. The ancient educators do not neglect the subjects of natural history, natural science and technology.

**Key words** children's primer, *San Zi Jing*, *You Xue Qiong Lin*, science education
